

Board of Directors Candidates

Your Board.
Your Voice.

Election: February 22 - March 19, 2021.
Vote for 5 candidates online, by phone or paper.

**Jayne
Chipman**

Retired
Pocatello

I believe in credit unions. I believe that they should be administered to benefit the members of the credit union, and I believe that each member should have a voice in how the credit union is managed.

K.C. Felt

Retired - Idaho State University
Alumni Director
Pocatello

As a life-long resident of Pocatello, I have been actively involved not only in the ISU community but the Pocatello community as well. I was a charter member of the Zonta Club of Pocatello, a member and board member of the Pocatello Chamber of Commerce, a member and board member of Pocatello Rotary Club, a member and Chief of Chiefs of the Pocatello Chiefs. I remain active in both the Chamber and the Chiefs organizations. I have been a volunteer for the School Dist. #25 Festival of Trees for several years and will continue that association post-pandemic. I currently serve on the Board of Directors for the ISU Bengal Athletic Boosters and the Supervisory Committee for the Credit Union. I would be honored to be elected to serve on the Board of Directors for the Credit Union.

**Dustin
Hawkes**

Owner - Monks Auto Reconditioning
Pocatello

My name is Dustin Hawkes and I am interested in serving as a volunteer on the board for the Credit Union. I am a resident of Pocatello, where I own and operate Monks Auto Reconditioning. I started Monks in 2006 as an independent operator with a small mobile unit, and have gradually built it into Southeast Idaho's premier automobile touch-up, small body, and upholstery shop, operating two shops, two mobile units, and eight employees. I have a strong relationship with auto dealers in this area, and a hands on understanding of the economy in our area.

With my personal time I enjoy volunteering as a Scout leader for the Boy Scouts of America and coaching my children's sports teams.

I have been a member of the Credit Union since 2017 and believe my experience as a small business owner, my networking connections in the community, and my commitment to volunteerism make me an excellent candidate for the board.

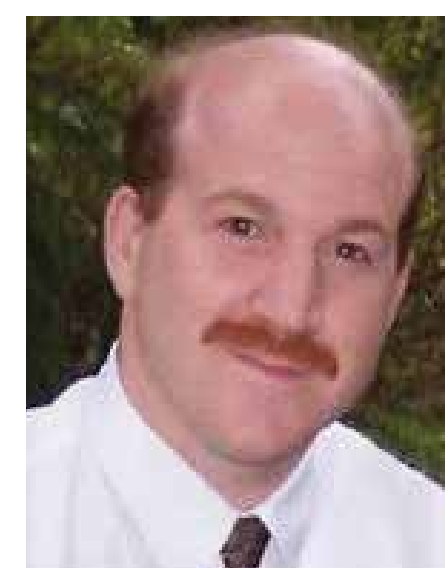

**Arlene
Hurlburt**

Retired - Pocatello/Chubbuck School
District #25 Teacher
Chubbuck

Hello, my name is Arlene Hurlburt. I have been a board director of the Credit Union for the past nine years and before that I was a board director of the Pocatello Teachers' Federal Credit Union. I am committed to working hard to ensure sound financial services, financial safety, up to date safety technology and products. Courtesy and friendliness will always be one of my top priorities.

I believe being visible and active in the community is also a board member's responsibility as we need to know the needs, wants, and opinions of our members. I volunteer many hours of service, I am a member of Retired Teachers, Pocatello/Chubbuck Education Foundation Board, Festival of Trees, PEO, Elks and become involved as community needs arise.

I would appreciate your vote and promise you I will work hard on making this the best Credit Union for you and your needs!

**Reese
Jensen**

Internal Audit Director -
Idaho State University
Pocatello

I am an accounting, audit, compliance, risk management and fraud fighting professional with over 24 years of experience. I am a CPA and certified fraud examiner (CFE). As a business leader, I have learned to inspire others through creating a collaborative, trusting environment where we work side-by-side to accomplish our goals. I have found that optimism is contagious, communication is essential and solutions are most often found when everyone knows their input is valued. As an audit professional, I have developed excellent analytical skills and have learned to be diplomatic while helping organizations improve the efficiency and effectiveness of their operations.

I have been a member of the Credit Union for over 15 years and have served on its Supervisory Committee since 2018. I would like to join the Board of Directors and utilize my skills and experience to help the Credit Union continue its success.

**R. Tyler
Moore**

Financial Controller & Business Systems
Mgr - Idaho Farm Bureau Federation
Pocatello

As a member of the Credit Union since 1998 and a native son of Pocatello, my desire is to pay my respect and love forward by serving those within my community.

I am currently the Financial Controller for the Idaho Farm Bureau Federation, the largest non-profit agricultural organization in the State of Idaho. I have a Bachelor's Degree in Business Finance from Brigham Young University-Idaho and a Master's Degree in Business Administration from Idaho State University.

Over the years, I have found that when those around me are empowered to make decisions, and act with pure intentions towards a common vision, both personal and collective growth is achieved. They develop and expand their talents to new heights, up and beyond any expectations we imagined possible. My job is to simply create an atmosphere that fosters this personal growth.

**Scott A.
Moulton**

CFO - Redox Chemicals
Burley

Growing up on a family dairy farm in Teton Valley, Idaho instilled in me the value of hard work and from a young age, I was taught the value of an education was vital. I graduated from Idaho State University with a degree in Finance and have remained in Idaho my whole life. I was thrown into the banking sector out of college when the banking industry was headed on a massive change of course. The challenges since 2008 have been a great learning experience as we see the world economies cycle through degrees of change so quickly. Currently, I am employed by an agricultural nutrition company taking part in the global economy. Idaho has been a refuge for my family, and living in Burley, with my wife and six kids has been rewarding as I try to instill the same values of hard work and an education at a young age that I learned.

**Mike
Snyder**

Financial Analyst - Department of
Energy
Idaho Falls

When I joined the Board of Directors of Scenic Falls Federal Credit Union in 2006, it was intended to be a temporary favor as an interim replacement for long-time board member and firefighter Mike Sheets whose health was failing. Wayne Morgan asked me if I would serve out Mike's term until an election would be held.

I served several more terms at Scenic Falls, including two years as the Board Chairman, and requested to join the Credit Union Board as part of the merger to ensure the needs of the former Scenic Falls members were met.

My tenure on the two boards has included managing through the 2008-2009 financial crisis, replacing two CEOs, and completing the merger. The merger decision was difficult, but it was made with the best intentions towards the welfare and service of our membership. I believe our current board and management team place their highest priorities on membership needs. Therefore, I would like to continue my Board service as a voice for all members, particularly those served in the Idaho Falls area.

**Michael
Thomas**

Professor - Idaho State University
Department of Biological Sciences
Pocatello

In 2013, I was elected to the volunteer ISUCU board of directors. In this role, I've worked to build productive relationships with the executive team and have sought training to become more effective at providing perspective and direction to the credit union. In my time on the board, I have come to understand that credit unions can be powerful agents for positive change in the communities they serve, and that the transformation of our credit union into Lookout Credit Union will allow it to be much more effective in providing financial tools to underserved members of our community. But, realizing this potential while respecting the long, successful history of ISUCU will take hard work and a clear vision, a process for which I am now well prepared and to which I am deeply committed. Therefore, I'm asking for your vote to allow me to serve another term as director. Since 2003, I have worked in the ISU Department of Biological Sciences, where I teach genetics and evolution. Prior to arriving at ISU, I earned an undergraduate degree in biology from the University of Nebraska and a doctorate in entomology from Penn State University, and conducted postdoctoral genome research at Medical College of Wisconsin in Milwaukee. I have been a member of the Pocatello community for 18 years.
